These upcoming days in Chicago, the Albanian American Community has a gift for the end of the year celebrations. Tviliret, which has been the main source for information and broadcasting Albanian events in the recent years in Chicago, has put together a Top Ten list for the the most decorated and accomplished people living in the Chicago land area. The top ten list is put together by analyzing which person has been a prominent figure in society and has gained respect due to their work. Approximately 24 contestants have been nominated and have been displayed on the television screen. On the 25th of December, the Top Ten will be announced via social network and email.

. This is an interesting race as it covers not only humane work, but it involves people being in medicine, business, and the arts. After the top ten have been established, tviliret will broadcast the final appearance to the ten people through the tviliret channel on the platform digital tvalb. On January 10th there will be a dinner hosted by the Murati brothers at their restaurant: Toscana Restaurant. I would like to recognize the Albanian small business community for generously helping out in this project. Without their contributions these type of projects would not be taking place.
